What is an UFO?

UFO stands for **U**n**F**inished **O**bject! All those projects you have that you would love to finish but never find the time or space to work on them. A UFO weekend offers both the time and space and so much more! All meals prepared for you, clean & comfortable accommodations, a beautiful setting in which to relax and renew, the chance to experience a massage or just time of solitude among the towering pines of the camp.

Quilting, Scrapbooking, Cardmaking, Painting, Knitting, Embroidery are just a few examples.

What can I expect?
